Summary

Master Student that is looking for an opportunity within a company or organization to do a thesis in the field of Artificial Intelligence (AI).

I am a team player and like to work with others to implement or discover new technologies. I value good cooperation and like to work with novel technologies. Among the many challenges evoking around AI, my fields of interests are sustainability, energy-transition, self-driving cars, and image processing.

Skill Highlights

- Java/Python programming
- PyTorch and TensorFlow experience
- Creative thinker
- Project oriented
- Team worker
- HTML/JavaScript/CSS experience
